

2021 solar container enrollment

Overview

We design a solar container that fits your needs and send you a personalized quote. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. To power a container, you have three main choices: Grid connection: If a utility line is accessible, you can trench cable and feed the container's electrical panel. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more).
