

American solar container capacitor manufacturer

Overview

department throughout the manufacturing process with a final AQL inspection performed prior to. The manufacturing facility located in Irwindale California, utilizes the most modern equipment in a controlled atmosphere. American Capacitor manufacturers AC capacitors, hermetic seal capacitors, high voltage capacitors, feed through capacitors, epoxy case capacitors, and wrap & fill capacitors in their. A capacitor is a passive device on a circuit board that stores electrical energy in an electric field by virtue of accumulating electric charges on two close surfaces insulated from each other. Distributor of film capacitors including tip and ring, safety, SMD, snubber, stacked and suppression capacitors.
