

Are you tired in the solar container pack workshop

Overview

Tired of working in the dark?

Our 2-Pack Solar-Powered Workshop Lights offers the perfect solution for illuminating your shipping container—no electricity or hardwiring required. Dive deeper into the post-apocalyptic world with an array of new features designed to enhance your survival experience. Giving people the ability to live, travel and construct in areas that do not have access to hardwired power is essential and more popular than ever. My wife Molly and I are planning on moving this 40ft high cube container to the back of our property and converting it into an off-grid sawmill shed & Workshop. Our initial thoughts a lean to off each side for the sawmill, tractor, lumber, and to work under.
