

Complain about outdoor solar container power supply

Overview

It can also be effective to review your installer on public sites like Yelp, Google Reviews, SolarReviews, and others. The complaint text that is displayed might not represent all complaints filed with BBB. Some consumers may elect to not publish the details of their complaints, some complaints may not meet BBB's standards for publication, or BBB may display a portion of complaints when a high volume is received. But with this expansion, has come an increasing number of disgruntled solar customers that are posting bad reviews about solar companies online, filing complaints with agencies such as the Better Business Bureau (BBB), state consumer protection departments and Attorney Generals, and even taking. Facing issues with a solar panel installation or contract?

Learn about the formal steps to resolve disputes and pursue legal recourse against a solar company. Disputes with solar companies often arise from unmet expectations regarding utility bills or system performance. Have you tried out dark mode?

! Scroll to the bottom of any page to find a sun or moon icon to turn dark mode on or off! Let me know if this isn't the appropriate thread -- not DIY -- but wanted to share my experience thus far with the supplier Renewable Outdoors.
