

Copenhagen solar container system supplier

Voltage range:691.2-947.2V

>6000 cycles(100%DOD)

Rated battery capacity:
216KWH (customizable)

EMS communication:
4G/CAN/RS485

Overview

DC-Supply A/S - Danish Container Supply offers transportable, ready-to-install, plug-and-play solar energy platforms that can be installed in a few minutes on standard 20-ft containers. The solar modules can also be adapted to fit our 3x9 meter container modules, used on many construction sites. The solar AIO container is a modular product in a series of products enabling full distributed energy plant deployments anywhere with enough open space to support solar energy. Our portfolio consists of stand alone projects as well as batteries in connection to our wind and solar PV projects. The europages app is here!
