

Ecoflow s mobile solar container battery

Overview

Maximize your rooftop solar and reduce electricity bills with EceFlow OCEAN Pro, a grid-tied solar energy battery storage solution. Seamlessly integrates solar, grid, and gas generator recharging to deliver reliable backup, energy savings, and greater independence. And unlike typical backup systems, the OCEAN Pro Solar battery backup is engineered to deliver continuous, high-capacity power at the level modern homes demand—not just a few lights and outlets, but entire households, even during extended outages. The EcoFlow Home Energy Ecosystem brings solar power, battery storage, smart panels, EV charging, and the EcoFlow app together into one simple, intelligent system you can see, understand, and truly control. Whether you're replacing your van's electrics or building a system from scratch, the EF Power Kits plug-and-play system. Rving & Road Trips Take power on the road for your everyday essentials or your entire vehicle. • Charge faster with high 400W solar input • Up to 23% conversion rate • Durable, multi-layered materials • Self-supporting with an adjustable angle • IP68 waterproof rating • One-piece folding.
