

# Electric car solar container clean acquisition of solar container company

## Overview

---

CleanCapital acquires 27 MW of solar and 25 MWh of battery storage assets across Massachusetts and California, expanding its clean energy footprint and advancing grid resilience through cutting-edge energy storage solutions. NEW YORK-- (BUSINESS WIRE)-- CleanCapital, a leading independent power producer focused on distributed clean energy, today announced the successful acquisition of a. Red Hook Container Terminals LLC announced today that it has begun regular commercial operation of ten (10) BYD Motors heavy-duty zero-emission battery electric yard tractors at its container terminal in Port Newark, New Jersey. This article highlights some notable trends amongst these acquisitions and what they mean for the clean energy industry overall. The US has issued a new “emergency” plan to force data centers to pay for the electricity they need but it undercuts renewables, A new, energy efficient desalination system leverages natural water pressure to make a 40% cut in energy consumption (screenshot via Vimeo, courtesy of OceanWell).
