

Electromagnetic solar container products company

Overview

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability. With scalable solar capacity of 30-200kW and battery storage options from 50-500KWh, Solarfold™ provides reliable power wherever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. It provides clean, efficient power wherever you need it and can also generate profit. Hybrid performance with a generator or an Energy Storage System makes the ZSC mobile solar containers as part of a microgrid solution.
