

Home energy equipment solar container products

Overview

Container homes with solar panels are a smart, sustainable way to live—and they look cool too. These homes are flexible, with layouts that range from simple single-container builds to larger, connected designs. From innovative floor plans to green features, discover how you can easily achieve energy independence. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
