

Home solar container transfer station equipment

Overview

Convert shipping containers into mobile power stations equipped with generators or solar panels. These can be deployed to remote areas or disaster-stricken regions to provide temporary power solutions. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Container houses offer many advantages, including being eco-friendly, portable, and low-cost. Solar generators are portable battery storage systems powered by solar panels that convert sunlight into electricity.

Home solar container transfer station equipment
