

Overview

This process specification provides the requirements that govern the Resistance Spot Welding (RSW) of battery tabs and component wires/leads to batteries, battery tabs, or other associated electronic components. Download Huijue Group's brochures, manuals, and technical PDFs on energy storage solutions, including BMS, EMS, lithium battery systems, and renewable energy. Explore Huijue's liquid cooling energy storage system with integrated design, enhancing power quality and operational efficiency. Before delving deep into compliance requirements, it's essential to: 1) The cabinet is made of high quality galvanized steel; 2) Surface treatment: degreasing, derusting, anti-rust phosphate (or galvanizing), spraying; 3) Double-wall.
