

Indian solar container association

Overview

AISIA was created out of the need for representing its members and create the awareness of contributions, issues and challenges of the Solar Manufacturing with the MNRE, Government of India, other relevant agencies of Government, public at large and to create a level playing field and. AISIA plays a crucial role in promoting and supporting the growth of the solar industry in India. It works towards creating awareness about solar energy and its benefits among businesses, policymakers, and the general public. Indian Solar Manufacturers Association (ISMA) is a registered Association of Companies engaged in manufacturing of Solar Cells, Modules, and Glass for Modules in India.
