

Indian solar container battery after-sales service

Overview

We have over 10,000 Hybrid + Battery solar system installations across India making us the largest active installers in India. We bring the latest technology of hybrid inverters that can work under off-grid/on-grid/hybrid mode with grid export and lead-acid/lithium. Solar battery systems are now widely adopted in India for: Residential backup power during outages Commercial and industrial peak shaving Telecom towers and data centers Rural and semi-urban off-grid electrification GSL ENERGY supplies lithium solar batteries and battery energy storage systems. Powtech's Containerized Solar PV Solution utilizes innovative hybrid technology housed within a standard 20-ft marine container, delivering up to 10,000 kWh of energy annually. The 10 ft and 20 ft containers offer energy storage capacities ranging from 241 kWh to 3 MWh.
