

Individual installation and sale of solar container power stations

Overview

We design a solar container that fits your needs and send you a personalized quote. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Our products are engineered and manufactured in the UK, ready to generate and provide electrical power at the client's premises anywhere in the world. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
