

Industrial park solar container project headquarters address

Overview

It is planned to build the world's first 1GW perovskite Photovoltaic production line, 100-ton perovskite quantum dot production line, R&D innovation center, and headquarters building. Described as Zambia's inaugural solar facility equipped with battery storage, the project holds an estimated value of \$65 million. It is slated to commence commercial operations by September 2025, aiming to supply electricity to a minimum of 65,000 households.
