

Is huijue integration an solar container company

Overview

As a photovoltaics + energy storage system solutions company, Huijue Group not only provides solar panels and energy storage equipment with high performance, but also offers the supporting service core for fully functional solar container houses. This product integrates solar power generation with a storage container, forming a mobile renewable energy station. A photovoltaic container house combines "container + solar energy + energy storage + smart control + fully furnished" into a small, independent living unit. The biggest difference from traditional houses is that they don't require access to the grid or municipal water supply, running on their own. ☐☐50kW-700kWh all-in-one container ESS; 10/20ft plug-and-play for instant grid connection. Huijue's Four Major Products Debut as a Super Team?

We Rely on Hardcore Performance! ☐☐ ⚡ HighJoule's.
