

Italian battery solar container exhibition

Overview

The " Solar & Storage Live Italia " is a leading international trade fair focusing on solar PV, storage, and complementary technologies, organized annually at Veronafiere in Verona by Terrapinn Holdings Ltd. Solar & Storage Live Italia is rapidly emerging as a cornerstone event in the renewable energy calendar, spotlighting Italy's growing commitment to clean energy adoption. The 2025 Italian Energy Storage Industry Exhibition (October 8-9, Verona) isn't just another trade show - it's where Michelangelo would've designed battery systems if he lived in the 21st century. With Italy aiming to install 27 GW of solar capacity by 2026 [1], this expo becomes the ultimate. The 2025 edition confirmed that energy storage is steadily advancing, with important regulatory updates, stronger public support at both EU and national levels, and increasing project execution. Upcoming Events [Subscribe to the ILiA Calendar](#) [Outlook Calendar](#) [Google Calendar](#) If you are a conference organiser and your event is related to lithium, would be of value to the lithium community, and you'd like it to be included in our calendar, please contact events@lithium.
