

Local solar container brand pumped solar container power station bidding announcement

Overview

Open Solicitations can be searched by Commodity Description, County Department, Solicitation Title, Description and Number. Cal eProcure is California's new online marketplace portal designed to improve the experience of businesses selling products and/or services to the State. Launched on December 9, 2015, the new system replaced BidSync, giving businesses access to bidding and contracting resources in one convenient. A working understanding of contract development best practices and access to standardized solar contract templates and request for proposals (RFPs) will help reduce the time and cost associated with this process by improving project transparency and accountability while accelerating solar.
