

# **Members of the solar container association**

## Overview

---

\* Directory includes CALSSA members and companies who have submitted membership applications. Our over 700 member companies represent an array of businesses that manufacture, design, install, finance and provide other resources to the growing local solar and storage market in California. They range from single-person start-ups, to family-run solar contracting firms, to leading multinational. Currently, DCSA membership includes ocean carriers and, through the launch of the DCSA+ shipping programme, is open to a broader range of industry players. With the addition of PIL in April 2024, our 10th member, DCSA now represents approximately 75% of global container trade. In this article, we will explore some of the key industry associations and bodies in the United States, including their mission, location and year founded, membership, how to join, and popular events.
