

New equipment with solar container display bar outdoors

Overview

A practical, step-by-step guide to building a solar-powered outdoor bar station with auto-chilling sleeves and wireless pour tracking—no off-grid expertise required. Today’s discerning homeowners expect seamless functionality, sustainability, and smart integration—even in the backyard. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Our cutting-edge mobile solar systems deliver unparalleled energy efficiency and adaptive flexibility, engineered to meet dynamic power demands across any environment. Set up your pop-up bar with us! ETO Device specializes in providing fully customized container bars for restaurants and catering businesses worldwide.
