

# Paris solar container project settled

## Overview

---

(WGTD)---The 200 megawatt solar farm in the Town of Paris is now complete. It's the state's first large-scale energy storage project, according to park co-owner We Energies. Paris Solar Farm, LLC (Paris Solar) is proposing a (PV) solar electric generating facility capable of generating approximately 200 MW of AC power, in the Town of Paris, Kenosha County, Wisconsin. Wisconsin has launched a groundbreaking project that could reshape how the state generates and uses electricity. The Paris Solar-Battery Park in Kenosha County combines a massive solar farm with a powerful battery storage system to make renewable energy available day and night. Energy World's largest, 78 kWp floating solar plant powers Paris Olympic village. The 78 kWp solar installation will provide clean energy to the Olympic and Paralympic Square, showcasing its flexibility and ease of setup. Updated: Aug 07, 2024 08:04 AM EST <div class="df\_qntext">Why is a 78 kW.

## Paris solar container project settled

### PSC Paris Solar Project

In December of 2020, the Commission issued a Final Decision for this project. In March of 2021, the case was reopened to consider a request by the applicant to install an additional 60 MW of battery ...

### Wisconsin utilities bring online state's first large-scale BESS

The first large-scale battery energy storage system (BESS) in the US state of Wisconsin, the 110MW Paris Solar-Battery Park, has come online. The BESS is paired with 200MW of solar, ...
