

Public announcement of environmental impact assessment for independent solar container projects

Overview

Ecology developed this PEIS to provide consistent and useful information that the public, local and state agencies, Tribes, and developers can use to help review and plan for a potential utility-scale solar energy project. All EISs are filed with EPA, and EPA publishes a "Notice of Availability" each week in the Federal Register. The Bureau of Land Management sustains the health, diversity, and productivity of the public lands for the use and enjoyment of present and future generations.

Public announcement of environmental impact assessment for inde

Deye inverters and Deye batteries are more compatible.

Biden-Harris Administration Advances Clean Energy Projects on ...

The Department of the Interior today announced that the Bureau of Land Management (BLM) is advancing nine solar projects on public lands that could potentially power nearly 2 million ...

Environmental Impact Statement Filing Guidance , US EPA

Describes how to submit an environmental impact statement through the e-NEPA electronic submission system. Describes how EPA submits a notice of availability in to the Federal ...

NOTICE OF PREPARATION OF A DRAFT ENVIRONMENTAL ...

ignificant environmental effects. Input is requested in identifying potential alternatives for consideration in the EIR. Potential Environmental Impacts: Pursuant to CEQA Guidelines §15060(d), the County has ...

Obama Administration Releases Roadmap for Solar Energy ...

The Interior Department, in partnership with the Department of Energy, will publish the Final Programmatic Environmental Impact Statement for solar energy development in six ...

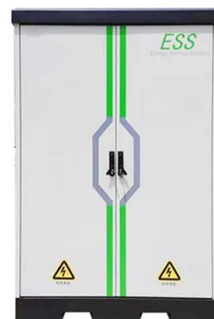

What is an Environmental Impact Statement?

The environmental impact statement (EIS) is a government document that outlines the impact of a proposed project on its surrounding environment. In the United States, these statements ...

First Public Announcement of Environmental Impact Assessment of ...

2. The public has environmental protection views on the construction project, within 10 days from the date of publication, according to the above contact information to the project ...
