

# Solar container battery pack warranty

*LiFePO<sub>4</sub> Battery, safety*

*Wide temperature: -20~55°C*

*Modular design, easy to expand*

*Wall-Mounted&Floor-Mounted*

*Intelligent BMS*

*Cycle Life: ≥ 6000*

*Warranty: 10 years*

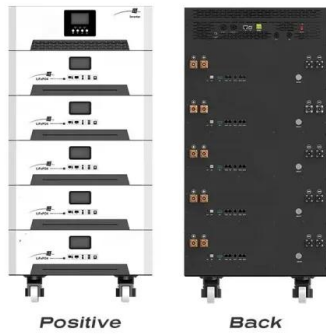

## Overview

---

A standard battery warranty should come with at least 10 years of protection, though it can be shorter depending on how often you charge and drain your battery. With each manufacturer offering different terms, coverage options, and fine print, comparing your options apples-to-apples can feel impossible. Sifting through pages of dense documentation can be overwhelming (and tedious), but. Warranties can be confusing to navigate, which is why we have put together this short guide to cover everything you need to know about solar battery warranties and. Whether you're looking into a storage solution, just installed a battery, or already have one, it's important to understand the warranty; what's covered, what's excluded, where are your limitations, and how to select a good battery. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. The energy storage system is essentially a straightforward plug-and-play system which consists of a lithium LiFePO<sub>4</sub> battery pack, a lithium solar charge controller, and an inverter for the voltage requested.
