Transforming a Shipping Container Into a DIY Solar Power Station!

Join us as we take you through the intricate details of transforming a 20-foot standard shipping container into a solar powerhouse capable of energizing an entire town.

GRADE A BATTERY

LiFePO4 battery will not burn when overcharged/over discharged, overcurrent or short circuit and can withstand high temperatures without decomposition.

Renewable Solar Container Generators

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.
