

# Solar container equipment power supply

✓ **ALL IN ONE**

✓ **100Kw/174Kwh  
High Capacity**

✓ **Intelligent  
Integration**

## Overview

---

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing solar power. Why power a shipping container?

There are many reasons to supply electricity to a container, especially in off-grid settings. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Integrating necessary power equipment such as transformers, switchgear, energy storage units and control.
