

# Solar container usa

## Overview

---

Thanks to foldable solar arrays, the container is rapidly deployable — operating within hours to support power needs across diverse scenarios. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability. Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with.
