

Technology luminous solar container battery

Overview

Luminous Solar Batteries are C10-rated deep-cycle batteries that are specially designed for longer backup and are the most reliable in terms of performance and design. These batteries deliver high performance in each cycle thus making them capable enough to deliver long cycle life. Range Available - LMLA Tubular 40Ah to 200 Ah Ah mm mm mm Kg Kg Technical specifications are subject to change without prior notice. Next generation tall tubular battery with better charge acceptance and long Back up Long cycles (1500 @80% DOD, 5000 @ 20% DOD), ensuring design life Longer life without discharge with self-discharge rate of 3% per month STC. California's ambitious goal to power 100% of its electricity needs with carbon-free energy by 2045 and its rapidly changing net load profile require clean, fast-ramping peak power solutions that maximize the use of renewable energy.
