

Us stock air solar container

Overview

Government initiatives and disaster resilience programs boost the adoption of solar containers for emission-free power. The above 50 kW segment is gaining traction for its ability to power large commercial operations and rural community electrification. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
