US Patent Application for SOLAR ENERGY INTERMODAL CONTAINER ...

The at least one plug receptacle is electrically coupled to the battery. The plurality of solar panels are configured to receive sunlight and convert to solar energy for storage in the battery and supply ...

US20250070710A1

The present disclosure concerns a large surface area solar energy generation apparatus and method that protects the solar system from meteorological or any other ambient threat and restores the

How is Fenda Technology's energy storage technology?

Fenda Technology's energy storage solutions encapsulate a forward-thinking approach that prioritizes innovation, efficiency, sustainability, and cost-effectiveness.

CN204994825U

An automatic hair curler, comprising a handle; a hair curling assembly, the hair curling assembly includes a housing, a heating rod, and a swivel seat that is set on the outside of the heating rod and ...

Solar-powered refrigerated container

The container is solar-powered with a solar collector on its outer surface, but it also has an internal battery, which powers a thermoelectric cooling unit, fans, control panel and may house ...

Shenzhen Fenda Technology Co., Ltd.:Patent,Patent ...

This chart groups individual patents within a company's portfolio by simple legal status: Pending (patent application is under examination), Active (patent has been granted and is currently valid), Inactive ...

Our Lifepo4 batteries can beconnected in parallels and in series for larger capacity and voltage.

Solar-powered refrigerated container

The present invention is directed to an environmentally friendly refrigeration unit. In one embodiment, the invention is directed to a solar-powered refrigerated container for the storage and

Patents Assigned to SHENZHEN FENDA SMART TECHNOLOGY LIMITED

Justia - Patents - Patents and Patent Application Resources Abstract: A connection structure is configured to connect a watchband including a watchband body to a watchcase including ...

Patent Wars and Innovation: The Future of Solar Technology

Key Takeaways First Solar leverages its extensive patent portfolio to maintain a competitive edge and drive innovation in solar technology. Technological advancements by First ...

Fenda Technology

Provider for integrated solution for new types of intelligent hardware.2014Acquired OPD Technology, announced WIFI speakers, beginning Fenda's cooperation with Suzhou Institute of Biomedical ...

Patents Assigned to Shenzhen Fenda Technology Co., Ltd.

Loudspeaker box Patent number: D700591 Type: Grant Filed: March 18, 2013 Date of Patent: March 4, 2014 Assignee: Shenzhen Fenda Technology Co., Ltd. Inventors: Fen Xiao, Zhenglong Gu

KR102772852B1

The present invention relates to an eco-friendly solar container system that can be installed without a separate permit in a container space to which an independent solar power generation system is ...

SHIPPING CONTAINER AND METHOD OF FOLDING A SHIPPING CONTAINER

In some embodiments, the foldable container blank is integrally formed. A method of forming the foldable container blank and a method of folding a container blank are also provided.

Patents Assigned to Shenzhen Fenda Technology Co., Ltd.

A protective wall is provided around an outer periphery of the hair hooking portion. Type: Application Filed: September 1, 2020 Publication date: December 17, 2020 Applicant: Shenzhen Fenda ...

Solar Powered Refrigerated Container

The present invention is directed to an environmentally friendly refrigeration unit. In one embodiment, the invention is directed to a solar-powered refrigerated container for the storage and chilling of food, ...
