

# What is solar container training

## Overview

---

IBT is a competency-based certificate program that develops the skills needed for entry-level solar installation jobs and related construction pathways. The equipment to learn and maintain includes PV solar modules, PV arrays, inverters, and battery energy storage system (BESS battery containers). SCE operates two Energy Education Centers (EECs) in Irwindale and Tulare, offering. Our installation training programs help individuals launch careers in this booming industry. We aim to offer people of all backgrounds family-sustaining careers and entrepreneurship opportunities.
