

What is the name of the solar container pallet supplier

Overview

Today, PVpallet is building a reusable packaging ecosystem for the renewable energy industry that enables our customers to seamlessly eliminate single-use packaging. We remain committed to our mission to reduce waste and promote a circular economy through innovative, sustainable, reusable products. Protect your solar investment with precision-built pallets designed for safe transport and storage of fragile solar panels. Our pallets are built to your exact specifications, typically 48 × 96 or custom oversized dimensions. Wholesale solar panels from A1 SolarStore help installers, EPCs, and distributors cut project costs and secure a reliable supply of quality PV modules. Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one. Our comprehensive solutions cater to a range of needs within the industry, including Solar Module Shipping & Storage, Job Kitting, Warehouse Organization, R&Rs, Battery & Inverter Packaging, and beyond.
